SIX ARE MURDERED

Whole Family Were Victims in Small Virginia Town.

MOTIVE EVIDENTLY ROBBERY

Home Was Burned and Bodies Were Partly Cremated—Evidences of Murder—Presented Ghastly Scene—Victims.

(By Wire to the Morning Star.)

Bluefield, W. Va., Sept. 22.—An entire family of six persons was murdered and the body of all but one of the victims were burned with their home at Hurley, Buchanan county, Virginia, early today. The motive was evidently robbery as the owner of the house, an aged woman known as "Aunt Betty" Justis, was generally supposed to keep a large sum of money about the place.

Mrs. Justis, her son-in-law, George Meadows, his wife and their three children were the victims. Meadows body badly mutilated, was found this morning in the yard of his destroyed home, the funeral pyre of his loved ones. Two bullet holes through the body and a ghastly wound in the neck which almost severed the head from the body gave the discoverers their first evidence of the extent of the tragedy.

A search of the ruins of the house disclosed a sickening spectacle. The blackened masses of half burned flesh and charrel bones of the two women and three children were found beneath the debris each body bearing evidences of murder committed before the house was destroyed. The elder woman's skull was upturned some distance from the remainder of her half burned body amid the smouldering ruins.

Another daughter of Mrs. Justis told the police that her mother had a large sum of money buried under the sill of the house and they succeeded in digging up $950 in gold and silver.

The murderers are supposed to have secured the $600, which "Aunt Betty" always carried on her person.

Bloodhounds were rushed to the scene and in a short time they took up the trail of the supposed murderers in a corn field which joined the Justis home. There the foot prints of three men were found impressed in the soil. A posse of citizens, heavily armed are following the bloodhounds, bent on lynching the murders if they are captured.

YOUNG MAN FALSELY ARRESTED

Suicide of Right Party Wanted for Passing Worthless Check.

(By Wire to The Morning Star.)

Norfolk, Va., Sept. 22.—James G. Gaynor, a young traveling man, who was arrested and taken from the Washington steamer at the point of a pistol at Old Point Comfort last night by officers who thought they had fully identified him as J. Elmer, wanted at Richmond for the alleged passage of a worthless check, was released by the Norfolk police today. The suicide of Elmer at Jersey City yesterday fully established Gaynor's innocence. The police acknowledged their blunder and gave Gaynor a letter to this effect.

OUTLINES.

A flight in aeroplanes from Governor's Island across lower bay is scheduled by Wilbur Wright and Glenn Curtiss during the Hudson-Fulton celebration, which begins in New York next Saturday——Looking for the world to come to an end tomorrow, 300 members of the "Latter Reign of the Apostolic Church," have assembled at their chapel and propose to spend the balance of the time in praying, singing and exhortation.——In New York yesterday Dr. Frederick A. Cook was interviewed by 40 newspaper men who plied him with searching questions concerning his discovery of the North Pole. He complied readily and showed them his diary containing notes of his exploration. Commander Peary, while coming through Nova Scotia homeward bound received an ovation from the people wherever his train stopped.——The result of the hurricane which swept the gulf coast is more appalling than supposed. The number of human victims having been 46 and estimated at 100 to 200. The loss in property amounts to millions of dollars——The remains of Governor Johnson laid in state yesterday in the State capitol at St. Paul, Minn., where thousands of people looked on his face for the last time——President Taft crossed the Rocky Mountains yesterday through fields of snow and delivered addresses at several points——New Yark markets: Money on call firm 2 3-4 to 3 per cent., ruling rate 2 7-8, closing bid 2 3-4, offered at 3. Spot cotton 5 points higher, closing quiet at 13.15. Flour firmer with a moderate jobbing trade. Wheat firm, No. 2 red 1.14 nominal elevator and 1.11 nominal f.o.b. afloat. Corn easy, No. 2 old 78 nominal elevator and 79 sales delivered, No. 2 new 66 1-4 nominal f.o.b. afloat, Winter shipment. Oats steady, mixed 41 1-2 to 42. Turpentine and rosin firm.

GOV. JOHNSON LIES IN STATE

Thousands View Face of Former Minnesota Executive for Last Time. Funeral at St. Peter This Morning—Tributes.

(By Wire to the Morning Star.)

St. Paul, Minn., Sept. 22.—Led by Mayor Lawler, the members of the Common Council of St. Paul, the Ramsey county officials, the heads of various departments, and employes, marched in a body to the State Capitol at noon today to look for the last time on the face of Governor Johnson, whose body lies on its bier under the great white dome.

All day long a ceaseless line of people marched between files of militia men past the casket and silently paid a last tribute to the dead Governor.

Long before the doors of the Capitol were thrown open at 10 o'clock, the people began to gather. They came from all classes of society and from all parts of St. Paul and vicinity. To many of them his death was a personal sorrow as was shown by the tears which streamed from their eyes.

During the noon lunch hour the throng increased. Business men and their clerks filled the approaches to the Capitol and the stream of humanity became several blocks long.

All branches of commercial and manufacturing activities will pause tomorrow for five minutes during the funeral services. The action planned is State-wide and all cities and towns have been requested to follow the lead of the Twin Cities. The railroads of the State and the city railroads of St. Paul, Minneapolis and Duluth will stop running for five minutes during the funeral hour.

Tomorrow morning the body will be taken to St. Peter, Minn. St. Paul city officials and members of several local fraternal organizations and personal friends of the late Governor accompanying it.

The funeral will be held from the Presbyterian church at St. Peter and the interment will be in the family cemetery.

GRANTED LIQUOR LICENSES.

Eleven Firms Given Them by Corporation Court at Bristol.

(By Wire to the Morning Star.)

Bristol, Va., Sept. 22.—The Corporation Court today granted licenses to 11 firms and individuals to do a liquor business here beginning October 1st and on this account there was paid into the city treasury $20,300. Further application will be considered tomorrow. Bristol has been dry two years. It will be the only town between Roanoke, Va., and New Orleans where a saloon will exist after October 1st.

GEO. LYON BROKE RECORD.

In Virginia-Carolina Interstate Shoot at Durham Yesterday.

(By Wire to the Morning Star.)

Durham, N. C., Sept. 22.—In the Carolina-Virginia interstate shoot this afternoon George L. Lyon, winner of the Eastern handicap last year, and Durham Gun Club promoter, won 196 birds in 200. He also broke North Carolina's record, but was debarred by the terms of the agreement.

NEW YORK AVIATION EVENT

Wilbur Wright and Glenn Curtiss Scheduled for Attempt to Fly Over Lower Bay During Big Celebration.

(By Wire to the Morning Star.)

New York, Sept. 22.—A flight from Governor's Island across the lower bay and around the Statue of Liberty probably will be the first aviation event during the Hudson-Fulton celebration. Glenn H. Curtiss, winner of the first international aviation contest, announced today that he would attempt to make his flight as soon as possible after he has assembled his machine.

Wilbur Wright, who has had his machine almost in flying shape, met Curtiss today for the first time since the latter returned from his European triumphs. The meeting, which took place in Wright's shed on Governor's Island, was cordial. No ill feeling exists because of the suit which the Wright brothers have brought against the Herring-Curtiss Company for alleged infringement of patents.

The machine which Wilbur Wright will use is of exactly the same dimensions as that which his brother Orville used at Fort Myer last year; in fact, it includes part of that ill-fated aeroplane which dashed to earth, causing the death of Lieut. Selfridge, of the signal corps. It is capable of carrying two men and making a speed of between 38 and 40 miles an hour.

Wright's contract with the celebration committee requires a flight of one hour's duration, while Curtiss has the option of making any flight which his judgment dictates.

Before inspecting the field at Governor's Island today Curtiss was the guest of honor at a lunch at the Lawyers' Club where he received a gold medal awarded to him by the Aero Club of America as an evidence of appreciation for his winning the Jas. Gordon Bennett cup at Rheims.

A. Hollad Forbes, acting president of the Aero Club, presided as toastmaster and presented the medal.

TAFT IN THE WEST

President Crossed the Rockies Yesterday on Long Journey.

AT SPOKANE ON SEPT. 28TH.

Will Speak Upon Conservation of Natural Resources—Delivered Address at Several Points Yesterday.

(By Wire to the Morning Star.)

Pueblo, Colo., Sept. 22.—President Taft tonight is crossing the continental divide and tomorrow morning will find himself west of the Rocky Mountains. All day the President has traveled with the panorama of the white capped peaks of the Rockies in view and at one time the train ran for a mile or more through fields of snow. Tonight at Tennessee Pass the climb carried the President to an altitude of 10,240 feet.

For the first time the President traveled through the grand canon of the Arkansas, where at one place the half mile deep canon is so narrow that there is no room for the track and the river and the former has to be carried over the rusing waters by means of a hanging bridge suspended by cables embedded in the rocky walls of the chasm. The eleven mile ride through the canon was made by moonlight. The President does not feel fatigued at the end of his first week—one night stands—he is in splendid health. Mr. Taft's voice also is in the best of condition.

Beginning the first of the two days of his Colorado tour Mr. Taft motored 14 miles out of Denver to breakfast this morning at the home of Thomas F. Walsh and at the request of the owner re-christened at "Clonmel" the estate heretofore known as "Wolhurst."

Taking train at Wolhurst, with an additional train filled with colored people as an escort the President proceeded to Colorado Springs where he made a brief address in the public park to one of the largest crowds of the trip and then made a hurry-up automobile tour to points of scenic interest. At an eminence overlooking the valley of the Garden of the Gods, with the Rockies in the background and dark clouds playing tag with Pike's Peak, Mr. Taft expressed his admiration of the view with unrestrained enthusiasm.

At Pueblo the President was driven at the head of a long procession of automobiles to the State fair grounds to face another exuberant throng and to make a brief extemporaneous speech in appreciation of the reception that Colorado has extended to him.

Secretary of the Interior Ballinger joined the party at Denver and will go through to Seattle with the President. He will assist Mr. Taft tomorrow afternoon in the formal opening of the Gunnison tunnel at Montrose, the greatest irrigation project the government has ever undertaken.

Mr. Taft announced today that he will not make his speech upon the subject of the conservation of natural resources until he reaches Spokane on September 28th. It was at Spokane that the controversy between Mr. Ballinger and Chief Forester Pinchot arose and Mr. Taft regards it as probably the best place to discuss the issue.

In the brief references he has made in his speeches so far Mr. Taft has declared that reclamation work must go on but that it must be done in conformity with the law and that na project will be undertaken until the money for the work is on hand.

SUPREME COURT OPINIONS.

Opinions in Ten Appeals Handed Down Yesterday—The List.

(Special Star Telegram.)

Raleigh, N. C., Sept. 22.—The Supreme Court today delivered opinions in ten appeals as follows: State vs. Hooper, from Pasquotank, new trial; Rodlin vs. Atlantic Fire Insurance Co., Bertie, affirmed; Brett vs. Bank of Windsor, Bertie, affirmed; Kingan vs. Weddell, Craven, affirmed; Cradle vs. N. & S. Railway Co., Craven, no error; Jones vs. Life Insurance Co. of Virginia, Craven, new trial; Ricks vs. Wilson, Pitt, reversed; Codetts vs. Gaskills, Craven, affirmed; Eureka Lumber Company, vs. Harrison, Bertie, per curiam, judgment non suit affirmed; Mitchell vs. Harris, Wake, petition of defendant for certiorari denied.

MARSHALL MILLIKEN RESIGNS

Judge Boyd Apoints Him Clerk of Federal Court.

(By Wire to the Morning Star.)

Greensboro, N. C., Sept. 22.—United States Marshal J. M. Millikan, of this city, today sent his resignation to Attorney General Wickersham to take effect October 1st. Mr. Millikan has held the position 12 years and was the first Southern man appointed to office by the late President McKinley. Judge James E. Boyd, of the United States District court sent today Mr. Millikan's name to the Circuit Court judges for confirmation as clerk of the court to succeed S. L. Trogdon, who resigned yesterday.

VICTIMS OF STORM

Forty-Six People Are Known to Have Perished to Death.

DEATHS PROBABLY HUNDREDS

Whole Family in Mississippi Drowned. People Lost Lives in Many Louisiana Towns—Property Loss Many Millions.

DEATH LIST OF GULF COAST HURRICANE.

Terrebonne Parish, La., definite 29; reported 40.
New Orleans, definite 5.
Frenier, La., definite 4.
Desir, La, definite 3.
Jackson, Miss., definite 2.
Baton Rouge, La., definite 1.
Mandeville, La., definite 1.
Bay St. Louis, Miss., definite 1.
Donaldsonville, La., definite 1.
Gramery, La., definite 1.
Grand Point, La., reported 4.
Barataria Bay, La., reported 1.
Pass Manchac, La., definite 8.
Total—Definite 56; reported 45.

(By Wire to the Morning Star.)

New Orleans, Sept. 22.—Gradually New Orleans and the territory surrounding the Crescent City is recovering from the first effects of the tropical hurricane which, starting Sunday, continued throughout Monday and Monday night.

Forty-six human lives are now positively known to have been claimed as victims of the storm and 50 others are reported to have been lost in lower Terribone Parish, but as yet this report has not been authenticated.

The property loss will run into the millions.

Miles and miles of territory have been laid waste.

Crops have practically been ruined.

Dwellings, cotton gins and sugar mills have been leveled.

New Orleans is still sadly crippled in the way of railroad facilities and telegraph and telephone communication with the outside world. It was not until tonight that the Western Union Telegraph Company was able to get a working wire out of the city. For two days the city's only communication with the outside world was over an improvised long distance telephone circuit of the Associated Press.

Both the Illinois Central and the Louisville and Nashville railroads have suffered heavy loss, miles of their tracks having been washed away. It will be several weeks before the Louisville and Nashville will again be running trains over its own tracks.

From early today the death list in the lower portion of Terrebonne Parish increased as details of the hurricane's destruction were hourly received until tonight it numbers 19. Fifty others reported missing are said to have been drowned or crushed in the flying debris of wrecked mills, dwelland fishing camps.

Thrilling tales of narrow escapes and daring rescues came from the storm swept area. Pleasure craft and shipping of all kinds in the bayou inlets were totally destroyed and the loss will be heavy.

The damage done by the storm at Grand Island and Cheniere Caminada was very heavy but at these places there was no loss of life. The crops of these islands were totally destroyed and the orange groves were stripped clean of fruit and foliage. The first news from these islands was received today when the mail steamer Grand Isle reached this city. It was feared before the arrival of the boat that hundreds had lost their lives. In the tropical storm of 1893 no less than 1,500 people were drowned on Chenier.

One man lost his life at Bay St. Louis, a fisherman, name unknown. A number of places are yet to be heard from.

The long railroad bridge at Bay St. Louis is a complete wreck. When the storm struck this bridge George Doherty, a Western Union lineman, was attempting to repair the wires. He and three negroes were carried down. "The waves were running at least fifty feet high," said Doherty today, "and if we had not lashed ourselves to a raft with wire we would have been drowned. The bridge went down Sunday and they washed around in the bay until Monday afternoon when they were picked up by a passing schooner.

Refugees have been arriving in the city all day.

Nineteen Dead and Many Missing.

Houma, La., Sept. 22.—Definite reports of the loss of life at Terrebonne as the result of Monday's hurricane have brought the number of known dead in this section up to 19 persons. The list includes: Leon Rhodes and wife; Henry Dillons, aged 12; Joe Pesacal and family of three; Mrs. L. Domanque.

The families of T. Rhodes and Walter Rhodes, consisting of 14 persons, are reported missing.

There was no tidal wave south of Houma, a rumor which was circulated

(Continued on Page 5.)

THE NEWS AT FAYETTEVILLE

Narrow Escape of Coast Line Train. Baseball Players Drafted—Schumaker Goes on a Rampage. Other General Items.

(Special Star Correspondence.)

Fayetteville, N. C., Sept. 22.—The New York and Florida Special No. 85, of the Atlantic Coast Line, had a narrow escape from a serious wreck near Smithfield late last night. Just after leaving Smithfield an A. C. L. yardmaster at Florence, who happened to be riding in the day coach, detected an unusual thumping noise under the car. In an instant he reached up and pulled the emergency cord and the long train of Pullmans, aboard which there were many sleeping passengers, was brought to a stop just as a long trestle was reached. It was ascertained that an axle of one of the trucks had broken and dropped down, tearing up the track as it went. Had the trestle been reached, it is certain that the train would have been derailed and the train plunged into the abyss below. The train was due here at 1:30 A. M. but did not arrive until 8:30 this morning, a wrecking train having been despatched to the scene to repair the trouble.

While a large number of Fayetteville negroes, men and women, were assembled in lodge meeting at Donaldson and Mumford streets late last night, a drunken negro appeared in the council and switching off the electric lights, proceded to shoot up the building. When the police arrived in response to summons and turned on the lights, the hall was clear, having been vacated in short order after the first crack of the pistol had rent the air.

Fayetteville fans are interested in the news from Wilson that President Washington has received from the secretary of the National Baseball League a check for $1,200 in payment for four ball players in the Eastern Carolina League drafted by the major league teams. These are Buckingham, Wilson; Dobson and Hallman, Fayetteville, and Lambert, of Rocky Mount. It is not known to which clubs in faster company they go.

Donaldson Military School football squad is down to work under the coaches. Prof. McFall and Mr. Walter Lambeth. The cadets will probably play their first game with Raleigh, then Wilmington and later Bingham and others.

Schumaker, the clever rightfielder of the Fayetteville baseball team the past season, went on a rampage about noon today on Winslow street. He had been "touching 'em up" with the boys and while walking down the street, whipped out a pistol and began firing in the air. He was arrested and locked up, but later in the afternoon was released from custody after giving bond for his appearance tomorrow.

The work of remodeling the A. C. L. passenger station has begun. The Chamber of Commerce, it is understood, will meet tomorrow afternoon to oppose the plans as submitted by the railroad people on the ground that they are inadequate.

EXPECTING END OF WORLD

Three Hundred Members Peculiar Denomination in Massachusetts Believe Friday is Doomsday. Spending Time in Prayer.

(By Wire to The Morning Star.)

West Duxbury, Mass., Sept. 22.—Firm in their conviction that the world will come to an end at 10 o'clock next Friday forenoon, a colony of about 300 members of the denomination known as the "Latter Reign of the Apostolic Church" are spending what they believe to be their few remaining hours in prayer, song and exhortation. The scene of their religious ardor is "Ashbod," a little wooden chapel on the main turnpike between Boston and Plymouth, in this town. Worldly tasks have been laid aside that the faithful may prepare for the millenium.

The services are practically continuous. In all branches of the worship the congregation participates in singing the hymns with fervor and interrupting prayer and exhortations with pious ejaculations. Occasionally the services at the chapel are suspended long enough to permit a trip to the neighboring pond where the converts are baptized.

To feed the crowd that is attending the meetings, a big tent has been erected near the church while the houses in the neighborhood and even the church horse sheds furnished lodging for the people.

None of the faithful appear to have a shadow of doubt that the world will end Friday forenoon. When asked what they will do if the expected event does not materialize, most of them refuse to entertain such a supposition. Some suggest that a love feast be held for ten days or so while others still say that if the millenium does not come on Friday, it will come next year at the same season.

To buy advertised things is coming to be a fixed habit of the people—and it's a profitable habit, too.

COOK INTERVIEWED

Discoverer of North Pole Talks With Newspaper Men.

SHOWED THEM HIS DIARY

Forty Writers Plied Explorer With Questions—Whitney Learned of Discovery in Arctic—Peary Receives Ovation.

(By Wire to The Morning Star.)

New York, Sept. 22.—Dr. Frederick A. Cook, seeking rest and seclusion with his family after the boisterous welcome of yesterday, denied himself to interviewers today and remained in his suite at the Waldorf-Astoria until late this evening, when he submitted cheerfully to one of the severest cross-examinations since he announced his discovery of the North Pole. The ordeal of the interview which was conducted by forty newspaper representatives, including several from foreign newspapers, proved at least that he was not afraid to meet the public. Incidentally, the city of New York officially recognized his achievement today when the Board of Aldermen passed a resolution commemorating his discovery and providing for a public welcome at the City Hall. The date of the reception will be announced later.

As the questions asked were put by laymen, they did not go deeply into the scientific aspect of the expedition, but Dr. Cook was ready to answer anything pertinent to the issue.

The most interesting phase of the interview was reached when Dr. Cook was asked if he would object to showing his diary. He immediately consented, and after retiring to his room returned with a small octave notebook which he showed freely to all. It was a thin book containing 176 pages, each of which was filled with fifty or sixty lines of pencilled writing in the most minute characters. The book, he said, contained considerably more than 100,000 words while he has besides other books embracing his observations and other data.

The interviewers were severe, rather in regard to the details, but nothing indicated that the polar traveler's memory was at fault, even in the most minute particulars. Some times when a petty question indicated ignorance he smiled with good humored sympathy at the lack of technical knowledge displayed.

Not once did he refuse to reply except when the name of Commander Peary was broached. Even then he said that he had always and did now consider Peary as his friend, but controversial subjects in connection with his rival he avoided entirely, saying that they could wait.

When requested to say what had occurred at his meeting with Harry Whitney, the New Haven sportsman, he said, he preferred to let Whitney tell his own story as Whitney was quite unbiased. His reasons in imposing secrecy on Whitney, on Pritchard, Commander Peary's cabin boy, and the Eskimos were prompted by his desire to be the first to tell the world his discovery. He had done the work, he said, and was entitled to relate how it had been carried out.

Some of the more important questions put to Dr. Cook during the interview and his replies thereto follow:

Q.—Did anything ever occur in the life of yourself and Mr. Peary that would create an enmity or bitterness between you.

A.—Nothing that I know of.

Q.—Would you be willing to meet Peary in a debate when he gets here?

A.—As far as I am concerned the Peary incident is closed. Mr. Peary is not the dictator of my affairs, and I do not care to say anything further about him.

Q.—Did you know Mr. Whitney when you had met him on your return to Etah?

A.—No; he introduced himself.

Q.—What caused you to have such confidence in Mr. Whitney that you entrusted your instruments to him?

A.—I knew him by name ,and circumstances that arose while I was with him justified my confidence. I gave him the instruments to bring back because I thought they would be less liable to injury on board his vessel than if I took them across glaciers and rough ice covered country.

Q.—What is your opinion of the story told by the negro Hanson of the information he obtained from your two Eskimos?

A.—Well the Eskimos were bound down by me not to tell anyone where they had been. I should like you have Hanson here and cross-question him yourself. Hanson's testimony is entirely founded on hearsay.

Q.—Knowing that a ship was coming north this summer for Whitney, why did you not wait for that ship and come direct to New York instead of going to South Greenland and sailing from there to Copenhagen?

A.—I knew that the Danish government ship would get me home before Whitney's ship.

Ovation For Peary.

Truro, N. S., Sept. 22.—Commander Robert E. Peary had no further statements to make today regarding the

SOUTHERN COTTON MILL INDUSTRY.

The Providence (R. I.) correspondent of the New York Daily Trade Record recently had an interesting interview with Mr. E. B. Wilbur, a cotton mill man from Newberry, S. C., who had gone to Providence on pleasure and business. From that interview in the Trade Record we take the following:

"Lots of Southern cotton mills are earning from 25 to 40 per cent. a year," declared E. B. Wilbur, superintendent of the Mollohan Manufacturing Company, Newberry, S. C., in a conversation at the Crown Hotel, where he has been a guest for a few days. "These mills are those whose shares sell at 150 and which declare 10 per cent. dividends. The surplus goes to more buildings or new machinery or betterments of power plant. With this conservative treatment of the profits the future looks rosy for our Souhern mills. * * *

"Although most of the Southern cotton mills are making large profits, their policy is usually conservative, so that above a 10 per cent. dividend the surplus goes to new buildings, extensions and improvements," continued Mr. Wilbur. "Success comes from the possession of the latest machinery and structures, and the best in power plants, rather than any exceptional conditions arising from the labor situation or nearness of the cotton fields. We in South Carolina can buy cotton no cheaper than the manufacturers in New England. Our advantages of freight on the cotton is not more than a third or a half of a cent a pound. We did have an advantage in the cost of labor at one time, but now it is on the same basis as in the North.

"In South Carolina we have a strictly enforced 10-hour law and a child labor law, and I am glad of it. No child under 12 can be employed; 90 days of schooling is required for children between the ages of 12 and 14, and age certificates must be produced before a child under 14 may be employed. South Carolina has led among Southern States in this regard. We make no use of the colored labor, except for some of the roughest kinds of work. The native white is the best material we have, and in this regard conditions are about as they were in my town in Maine when I was a boy. The whites in South Carolina are largely of Huguenot or German Lutheran descent, and they for the most part are our mill laborers. The mountain white does not make so good a factory hand. He has not had the discipline of steady industry and does not readily develop into a mill hand.

"The plant which I have charge of is using steam power, but the extension of long-distance electric transmission has been remarkable in our section, and on my way North I was impressed with the number of iron towers that I saw all along the way, indicating electric transmission installations.

"Our Southern spindleage is put at 10,000,000 now, as compared with 4,000,000 a decade ago. Now, while the North still operates more spindles, we in the South are using more cotton by 250,000 bales annually than New England and Canada together, and this because our proportion of coarse goods made is greater. We are doing an increasing amount of fancy weaving, although practically nothing is done with the Jacquard looms that your Rhode Island mills operate so successfully.

"We started in the South with 5,000 spindles as a common unit for a mill, but we have found what you learned in the North before, that a unit of less than 10,000 spindles is unprofitable, because there are certain fixed charges that will be no more for a plant of that size than one smaller.

"The mills fathered by your Rhode Island investors have been noticeably profitable. Mill men who have gone South and been at pains to accommodate themselves to the Southern viewpoint, or at least allow for it, have found no difficulty in 'getting on' with the Southerner as an employe, neighbor or friend. One aid for the Northerner to do this is to keep out of politics."

Mr. Wilbur is a Maine man who has been in the mill business in the South for 14 years, and doubtless is one of the New England pioneers who was induced to bring the cotton mills to the section that produces the raw material. The Trade Record in further speaking of his trip North, says:

"Mr. Wilbur is accompanied by E. C. Ray, of Collins & Co., New York commission merchants, representing both Southern and Northern mills. The two visitors have visited several of the bleaching and finishing plants in Providence and vicinity since coming here. All the goods made by Mr. Wilbur's concern are bleached and finished in Providence plants and shipped hence to the market.

"Mr. Wilbur says that he does not see much prospect of the South finishing its own cotton mill products. So far bleaching plants have failed in the South, owing to the conditions of the water supply. The abundance of clean water available to the bleacheries here, he says, has not been found in his section. 'Possibly,' he adds, 'artesian wells may some time fill the need in our section, but I am not sanguine. A great deal of money has been spent, as, for example, at Augusta, Ga., in establishing bleacheries, but they are failures. Our goods, largely shirtings, all come to Providence for the final processes'."

It will be noted that, all told, Mr. Wilbur gives a rather roseate view of the Southern mill industry, with the exception that he appears to be a little off on the bleaching feature of cotton manufacturing in the Southern States. A prominent Charlotte mill man does not care to let Mr. Wilbur's statement go entirely unchallenged, and in order to set the Newberry man right, the Charlotte manufacturer gave this interview to the Charlotte Chronicle of Tuesday:

"Mr. Wilbur says that lots of Southern cotton mills are making from 25 to 40 per cent. a year. He might add also, in order not to leave a false impression, that lots of Southern mills are not paying expenses and that some are losing money.

"Now in regard to finishing in the South I should say that the prospects for finishing at home are rapidly increasing. There are a number of finishing plants in the South that have been completed and are being operated successfully. In regard to his statement that fine work is being done on a small scale I would say that fine work in the South is on the increase. Jacquard looms are being introduced successfully and there is no reason why as fine a product cannot be turned out in the South as in the East. The only block in the way of this feature at present is the necessary time that will be required to train our labor to that class of work.

"The South is made up largely of small mills and the theory that small mills cannot make money is erroneous as some of the best paying mill propositions in the South have been on 5,000 and 6,000 spindle investments.

"All of the States of the South have fair and reasonable child labor laws and no labor in the world is treated fairer or better than the cotton mill labor in the South today.

"A further statement in regard to the matter of the manufacture of fine goods. Ten years ago number 40s in yarns was considered a very fine yarn, today Southern mills are spinning successfully 100s yarns."

We do not see that there was so very much in Mr. Wilbur's statement to dispute except that he is partly wrong, especially concerning the possibilities for bleacheries in the South. Of course, there are local conditions that will prevent successful bleaching but as a whole a bountiful supply of the very best water can be secured throughout the South. It is only a matter of money and proper location, and unsuccessful experiments based on inadequate capital, and probably inexperience, should not count. As a matter of fact, there are successful bleacheries in the Carolinas and more are to be installed. All the conditions for making fine goods as well as coarse textiles are to be found in the South and where locations are judiciously selected the results have invariably been highly satisfactory.

It would appear that larger mills can be more economically operated than small mills, for practically the same operating management is required for the small mill as for the larger, up to a given point, of course.

Many of the small mills in North Carolina are earning as much as Mr. Wilbur mentions, and a notable instance is at Lumberton, N. C., where one of the factories in a few years has laid aside a sufficient surplus to erect a second mill. The new mill there is now ready for operations.

KING'S MOUNTAIN BATTLE GROUND.

The Star is pleased to note that Governor Kitchin will head the North Carolina contingent which will attend the unveiling of the $30,000 monument which is to mark the King's Mountain Battleground in commemoration of the Revolutionary heroes of the Carolinas who won a signal triumph on that historic ground. The unveiling will take place October 7th, and the North Carolinians from a distance who are to attend will go by rail to Gastonia and thence by private conveyance to the battleground, which lies partly in both States. However, the monument is erected on the South Carolina side, a half mile from the boundary line between the two States.

The glory of King's Mountain is a joint heritage of the Carolinas, and it was Congressman E. Yates Webb, of North Carolina, who secured from Congress the appropriation to mark the spot where American liberty got its most inspiring impulse.

The discovery of the North Pole has caused a whole lot of unknown home scientists to uncover their whereabouts.

There is no doubt about the loyalty of North Carolina towns. They all want a Union depot and a Federal building.

Peary has shown all the signs of favoring monopoly. This is where he has thoughtlessly and utterly alienated the entire Democratic vote.

While President Roosevelt has been in the jungles of Africa he has considered a whole lot of problems which he will settle satisfactorily to himself just as soon as he gets back to the United States.

Deeper channel to the sea, bigger ships for our commerce, lower rates for our freight, more business for the port, more people for our city, lots of industries to keep the people busy. Talk Wilmington and work Congress.

"Be persistent" urges a writer who moralizes. Well, if you are arguing with a woman it will be no use at all. There are some debates in which it denotes wisdom to be the possessor of cold feet instead of persistency. Go to!

"Everybody ought to eat rice," declares the Charleston News and Courier. All right, pard. We'll do our duty by it. Bring in the chicken and dumplings, accompanied by a plate of butter milk biscuits. Yum! Yum! Oh, you rice and chicken gravy.

CURRENT COMMENT.

—Minister Wu thinks we have had our last war on earth. We hope that he has advices from the future which are reliable.—Philadelphia Inquirer.

—New Yorkers are dumbly amazed over the fact that a woman with five divorced husbands and a sixth present and accounted for, may, under the laws of the State, draw alimony from all the former favorites. It's a wise provision and just what the men deserve, for if they would behave themselves and attend strictly to their obligations there'd be no sixth husband and no alimony. Still it would seem to indicate a very thrifty woman who could pick out five rakes, every one of whom would be able to pay alimony.—Chattanooga Times.

—The State of North Carolina, like the human body, feels the effects of every thing that effects any part of the commonwealth. When one section, or part, throbs with industry and prosperity, it flows throughout the arteries of our borders and creates beneficial results. It should ever be that what is one part's prosperity, should be the other part's glory. A strenuous move is being made for the deepening and widening of the channel below Wilmington, and it is hoped that the matter will be carried to a successful consumation. Every part of North Carolina should hold up Wilmington's hands in this undertaking and use every influence possible until the work is accomplished. We will all feel the effects of this enterprise and be the gainer thereby. If congress has not yet waked up to the importance of aiding North Carolina to thus improve one of our most important seacoast towns, and oneo f the South's, it is time for us to wake congress up, and get an appropriation that will accomplish something. Let us all pull for Wilmington.—Durham Sun.

TWINKLINGS.

—The Proud Mother—"This boy do grow more like 'is father every day." The Neighbor—"Do 'e, pore dear? And 'ave you tried everything?"—Sketch.

—Teacher—Willie, how did Washington follow Cornwallis? Willie—I suppose he subscribed to the paper for which Cornwallis was writing the "exclusive story" of the fight.—Puck.

—He had never been to sea before. "Can you keep anything on your stomach?" the ship doctor asked. "No, sir," he returned feebly; "nothing but my hand."—Success.

—"Honesty is the best policy," she sighed softly. Whereupon he stole a kiss. Later she admitted that there are exceptions to all rules.—Detroit Fress Press.

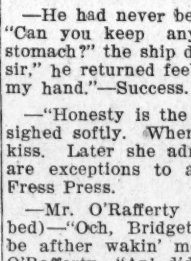
—Mr. O'Rafferty (confined to his bed)—"Och, Bridget, phwat did yez be afther wakin' me up for?" Mrs. O'Rafferty—"An' didn't th' docthor tell me to give yez a shleepin' powder iviry two hours?"—Judge.

—Green—"Poor Hilo is in hard luck. He has one arm in a sling, a black eye, two teeth missing, and a mortgage on his home." Brown—"You don't say. How long has he had the auto?"—Chicago Daily News.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."
EMMA DRAPER.



Another Operation Avoided.

Chicago, Ill.—"I want women to know what that wonderful medicine Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

FRESHNESS in candies is just as vital as purity. NUNNALLY'S are made pure and delicious, the finest candies that expensive materials and expert skill can make. Then they are well assorted, packed quickly in handsome boxes, and hurried by fast express right to us. Every box, every piece is in perfect condition.

The "Baby-Waker" Sale

is still going. Large crowds and liberal buying are the features. The low prices published in the large advertisements are still holding good.

New arrivals of rugs, pictures, imported dinner sets, tables, hampers, clothes baskets and several other articles have been added this week. Positively no such values ever seen in Wilmington. Call and inspect them if you wish to buy or not. We are pleased to show goods and invite comparison. This sale, as all our sales, is bona fide. No bluff, no hot air. Unequaled values our motto.

AFFAIRS AT STATE CAPITAL

Raleigh's New Country Club—Three Charters Granted—King's Mountain Celebration—Phenomenal Building Record.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 22.—The building for Raleigh's country club is to cost $12,000 and the contract will be awarded and work begun as soon as bids can be received from contractors. The plans and specifications have just been acepted by the Club Construction Company.

It is of Colonial design. An eighty-foot veranda with balcony that will command a splendid view of the golf links and the lake and the automobile speed-way. The building is to be the equal of most any country club building in this section of the country. The work of grading the driveways throughout the grounds is completed except for top gravel which will be put down within the next two weeks. The club membership is now 112. The effort to have the street railway extended to the club grounds has fallen through at least for the present.

Three charters were granted today as follows: The Farmers' Trading Company, Lumber Bridge, capital $50,000 by D. G. Mallory, J. L. Shaw and others for general mercantile and farmers' supplies; The Rockingham Grocery Company, Rockingham, Richmond county, capital $5,000 by O. H., H. R. and A. E. Everhart; The Ellison Mantel Company, High Point, capital $25,000 to take over the business heretofore conducted by A. L. Ellison, he and Bascom Hoskins and C. E. Ellison being the incorporators.

Governor Kitchin has been induced to recall his determination to not attend the unveiling celebration on King's Mountain battleground October 7th and now the announcement goes out that he will attend and all staff officers who can meet him there are especially invited. The military companies of the State are also at liberty to attend although there is no fund of the State available for any expenses. It is understood that a number of companies will attend including Shelby, Gastonia, Charlotte and other places. The monument to be unveiled cost $30,000 and is erected to the Revolutionary heroes who participated in the battle.

The actual building permits issued in Raleigh for the past twelve months aggregate $319,539, by odds the biggest year's building record in the history of the city. There were 208 permits for building issued during the year.

An exposition of grain, fruit and truck in connection with the State museum is announced by the Commissioner of Agriculture in connection with the Farmers' National Congress here November 3 to 8, the State Department of Agriculture to provide premiums aggregating $500. There will be special attention to corn, with the State divided into three divisions with first and second prize for the best exhibits from each. The eastern division is Scotland, Cumberland, Harnett, Johnson, Nash, Halifax and Northampton and all counties east of these. Prizes of $5 and $10 for the best exhibits and $1 to $5 in second prizes for wheat, oats, cabbage, potatoes, pumpkins and beets are included.

Following a lengthy session of the Council of State with Governor Kitchin yesterday and today, a statement was issued giving the resolution adopted representing the outcome of the conference. The gist of the resolution is that the grading of the Mattamuskeet Railroad by Sate convicts from Bellehaven via Bath to Washington will be ordered, provided citizens of Washington, and the people residing in the territory between Bellhaven and Washington shall on or before the completion of the grading to Bellhaven, guarantee to secure the right of way from Belhaven to Washington; furnish terminals at Bath and Washington; provide all materials, implements, camps, vehicles and teams necessary to carry on the work of grading without expense to the State other than furnishing convicts with proper guards and maintenance and without encumbrance upon the property, further, That on or before completing grading to Bellhaven, a proposition satisfactory to the Governor and Council for the completion, equipping and operating of the road when graded to Washington, without additional expense to the State or further obligation by it, shall be submitted. It is believed here that the terms will be complied with.

—Washington (N. C.) News, Sept. 21.—Yesterday a large land and timber deal was closed at Aurora, Messrs. J. B. Whitehurst and W. H. Hooker purchasing the interest of Dixon & Bonner, in the Standard Lumber Co. The purchase price was $15,000.

Wood's Descriptive **Fall Seed Catalog** now ready, gives the fullest information about all Seeds for the Farm and Garden, Grasses and Clovers, Vetches, Alfalfa, Seed Wheat, Oats, Rye, Barley, etc.

Also tells all about Vegetable & Flower Seeds that can be planted in the fall to advantage and profit, and about Hyacinths, Tulips and other Flowering Bulbs, Vegetable and Strawberry Plants, Poultry Supplies and Fertilizers.

Every Farmer and Gardener should have this catalog. It is invaluable in its helpfulness and suggestive ideas for a profitable and satisfactory Farm or Garden. Catalogue mailed free on request. Write for it.

Easy, Flexible Soles for Tired, Tortured Feet

"Breaking in a shoe is as bad as a boil." No man can work hard—or play hard—if his feet are cramped and plagued and pinched by stiff, unyielding soles.

Here is a shoe that makes new shoes a pleasure. It will make you forget your feet.

The CRADDOCK SHOE

$3.50 All Leathers **$4.00**

with a flexible sole is a new idea in men's shoes. To our knowledge it is the only man's shoe made with this feature.

If your feet have got you scared, try a pair of **Craddock Shoes** made flexible. Try a pair anyway and let your stiffened, leather-bound foot muscles stretch out in relief. The vamps and tops are of soft, durable, velvety vici kid. The sole is as pliable as an old moccasin and not a bit of style is sacrificed for comfort.

PERSONAL PARAGRAPHS.

—Miss Atla Ketchum, of Wrightsville Sound, left yesterday afternoon for Lumberton, where she will attend school at Robeson Institute.

—Mrs. Fannie J. Mitchell and Miss Mary Yarborough left yesterday evening for New York where they will spend several days, attending the Hudson-Fulton celebration before their return.

—Major and Mrs. D. O'Connor have returned from Utica, N. Y., and other northern cities, where they spent a most pleasant visit. They were in Utica during the reunion of the Blue and Gray.

—Messrs. A. W. McLean, T. A. McNeill, Jr., C. B. Skipper, E J. Britt, D. P. Shaw and R. C. Lawrence, of Lumberton, arrived in the city on the Seaboard train early this morning and are guests at The Orton.

—Among the guests at The Orton yesterday were: J. H. Mayes, O. D. Wheeler, Wm. Simpson, J. R. Curry, Charlotte; E. C. Land, Greensboro; Miss Louise D. Potts, Lake Waccamaw; J. C. Hollis, Brevard.

—The arrivals at the Colonial Inn yesterday included Messrs. S. M. S. Rollinson, of Elizabeth City; L. L. Brinson, of Roseboro; J. A. Robertson, Hamlet; H. M. Weller, Sanford; J. F. Heard, Richmond, Va.

—Mr. Leger Meyer, the well known merchant tailor, leaves this morning for New York, where he will attend the Hudson-Fulton Celebration and purchase goods to add to his Fall stock.

—Mr. and Mrs. E. C. Hudson and little Miss Francis Hudson leave this afternoon for a visit of some time to their old home in the North. Mrs. Hudson will visit her home at Northampton, Mass., and Mr. Hudson will spend some time at his former home in Lawrence, Mass., and in Boston.

—The following from the New York society correspondence of the Jacksonville, (Fla.) Metropolis will be read with interest here: "Mrs. Pembroke Jones is another society woman at Newport who is following the example of Mrs. O. H. P. Belmont in regard to woman suffrage. She gave a dinner party at which Rev. Anna Shaw, Mrs. Ida Husted Harper and other suffragists were her guests. She wanted to prove that she was in earnest about the matter."

STAMP WORKS FOR WINSTON.

Mr. S. Wait Bagley, of This City, May Establish Plant There.

The following from yesterday's Winston-Salem Journal will be read with interest here: "That Mr. S. Wait Bagley, of Wilmington, who is the guest of his brother-in-law, Rev. G. T. Lumpkin, will begin the manufacture of rubber stamps in this city is quite probable. It is understood that he has propositions under consideration and it is likely that Mr. Bagley will become a citizen of Winston-Salem." Mr. Bagley is experienced in the business, having held a position with the Wilmington Stamp Works, of which his uncle, Mr. Thomas F. Bagley, is president and manager, until a few days ago.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: E. T. Hancock and wife and G. Fo[illegible]ett and wife to Charles E. Taylor, Jr., for $5,000 and other considerations, lot on south side of Princess, 145 feet west of Second street, being 48 1-2x99 feet in size, together with buildings on premises. The deal was made through J. G. Wright & Son, real estate agents. The People's Savings Bank to J. N. Henry and wife, for $300 and other considerations, lot on Taft Hill, east side of Eighth, 33 feet south of Marsteller street, being 66x150 feet in size, together with buildings on premises.

Atlanta was chosen as the next meeting place for the convention of Odd Fellows, at Seattle, Wash., yesterday.

YOUR CAKE IS ALL DOUGH or at least it might as well be unless you use SAUER'S FLAVORING EXTRACTS

WILL REPAIR CARIB HERE

Disabled Clyde Liner Will Return to New York Under Her Own Steam. Board of Survey Recommends Repairs.

The disabled Clyde Liner Carib, which was towed to her dock Tuesday night following the accident off Cape Hatteras last Sunday ,was examined yesterday by a Board of Survey which determined the extent of the accident and recommended that the necessary repairs be made here.

The repairs will be made by the Cape Fear Machine Works and it is the purpose of Captain Packer to clear for New York as usual next Saturday under her own steam. The steamer broke her crank shaft, which made her helpless at sea, and as will be recalled placed her in a very dangerous position.

The Board of Survey was composed of Captain Edgar D. Williams, Captain Robinson, of the steamer Vauxhall Bridge, and Captain Louis H. Skinner. The report of the board was made to Mr. H. G. Smallbones, superintendent of the Clyde line, and advices were immediately sent to the New York offices transmitting the recommendations of the Board.

Captain Edgar Williams, of the Sea King, the tug which brought the steamer over the bar and up the Cape Fear, spoke interestingly yesterday of meeting the disabled steamer, which was at that time in tow of the Clyde liner Sabine. At the time of the accident the Sabine was proceeding down the coast to the West Indies and the delay occasioned in assisting her sister ship was only a few hours. Captain Williams was recognized by several people on the Sabine, which had aboard about 70 registered passengers, several of whom had visited at Wrightsville Beach during the past Summer.

LOCAL DOTS.

—Geo. H. Howell, Esq., referee in bankruptcy, has adjudged C. L. Keel, of Hamlet, a bankrupt, and the first meeting of creditors is called to be held in Hamlet, October 5th, at 11 o'clock.

—The local police were notified yesterday of the murder in Duplin county several days ago of Mary Eliza Williams, colored, by Grant Page, colored, for whose capture a reward of $25 is offered.

—Miss Mary A. Marshall has gone to Rockingham, where she will have charge of the suit department in the large store of Terry-Dickinson & Co. Her many friends here wish her much success in her new home.

—Col. and Mrs. John D. Taylor and daughter, Miss Fannie Taylor, returned last night from Turnpike, in the western part of the State, where they spent several weeks, stopping in Greensboro for a few days on their return with Mr. and Mrs. A. M. Scales.

—Goods belonging to Goodman Bros., levied upon several days ago by Constable W. B. Savage under executions, were sold at auction at noon yesterday. The goods over and above the homestead brought $84 and were purchased by Messrs. G. O. Gaylord and Josh Simon.

—The Stephens Construction Company was yesterday adjudged a bankrupt by Geo. H. Howell, Esq., referee in bankruptcy. The first meeting of the creditors is called to be held October 4th at 11 o'clock, at which time the creditors may prove their claims, appoint a trustee, etc.

—A meeting of those interested in the organization of a band for Wilmington will be held in the Court House at 8 o'clock tonight. It is probable that at this meeting a permanent organization will be perfected and arrangements made for beginning practices. Mayor Walter G. MacRae has accepted an invitation to be present.

—Mary Stanley, colored, was tried in Justice Bornemann's court yesterday afternoon on the charge of slandering Lizzie Moore, colored, by accusing her of stealing some money from the former's house. It developed that the Stanley woman had struck the Moore woman and she was convicted of simple assault and taxed with the costs. The slander case was dismissed. W. B. McKoy, Esq., represented the defendant, who was arrested yesterday morning by Deputy Sheriff Piver.

MARRIED LAST NIGHT.

Miss Bettie Clark Becomes Bride of Mr. Donie Rivenbark.

A surprise marriage was celebrated at the home of Mr. L. F. Rivenbark, on Eighth street, near Orange, at 8 o'clock last night, when Miss Bettie Clark, daughter of Major Clark, of Pender county, became the bride of Mr. Donie Rivenbark, of Wallace, N. C., the ceremony being performed by Rev. W. E. Hocutt, pastor of Bladen Street Methodist church. There were present only members of the family and a few friends.

The groom is a brother of Mr. L. F. Rivenbark and is a popular young man, of sterling qualities. His bride is an attractive young lady and for some time past has made her home in Wilmington, where she has a host of friends. Mr. and Mrs. Rivenbark will probably reside in Wilmington.

Duplin in Port Again.

The steamer Duplin, Capt. Stokes, arrived in port Tuesday night from Smith's Bridge on her first trip since she was overhauled at the latter place. The boat has been made a foot narrower by the shortening of the side guards and has been otherwise improved for the Winter season. The Duplin cleared early yesterday morning on the return trip up the river.

Go With a Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding. R. R. Bellamy says he never saw the like. It's because they never fail to cure sour stomach, constipation, indigestion, biliousness, jaundice, sick headache, chills and malaria. Only 25c.

ARRIVAL OF NEW COLONISTS

Advance Guard of Dr. Van Eeden's Co-operative Colony in Pender County—New Comers in Other Colonies.

The advance party of the co-operative colony to be started in Pender county by Dr. Frederick Van Eeden, a noted Holland physician, has arrived and the immigrants are temporarily residing in colonies of the Carolina Trucking Development Company. A number of other Hollanders are now en route to this section of the State and within a short time the new colony will be peopled.

The first to arrive were Messrs. A. Dekker and N. J. Beverson, Dutchmen, who are temporarily located at Castle Haynes. Mr. Dekker is an expert in the dairy business while Mr. Beverson has had wide and valuable experience in the cultivation of tobacco, having raised the weed in Sumatra. He has written what might be classed as a text book on tobacco and is entitled "Il Tobacco." It is published in Italian by Milano publishers. While it is a new book it is said to have a large sale. Both of these men are well educated and represent the type of citizens it is desired to bring to North Carolina. Mr. Beverson is a remarkably fine vocal musician, having a superb tenor voice which was trained by one of the best European masters. They came direct from Holland on the steamer Rotterdam. With them was Mr. P. I. Rond, a Dutch farmer, who is temporarily located at New Berlin. Four other Holland families are now en route to Wilmington.

A few weeks ago a Mr. Vogels arrived and purchased a small fruit farm at Castle Haynes. He is not only an expert Dutch farmer but has had in Holland a great deal of experience with the co-operative marketing of farm produce and with the management of farmers' organizations. He resigned the management of one of the most important farm organizations to come to this country. His farm at Castle Haynes will really be only a side line as his most important work will be in taking charge of and organizing the business of the settlers who locate in the new colony. He will take up this work as soon as a sufficient number of Dutch families have arrived and other arrangements have been pushed far enough along to make it possible for the new colony to start.

During the past few days a number of other homeseekers have been here on a visit of inspection and among those who decided definitely to locate in this section are three Hungarian families who have ample means and experience for making a success in Eastern Carolina. They are Mr. J. Kosh and Mr. J. Saunders, who have secured 20 acres of land each, and Mr. Benedek Barta, who has secured 30 acres. Mr. Andrew Laslo, the purchaser of 20 acres, is expected to arrive with his family next week.

The Carolina Trucking Development Company has also recently had a visit from a group of three wealthy and successful North Italian families who have made a success in the North. They expect to dispose of their property in the North and cast their lot with their countrymen at St. Helena.

CAROLINA BAKERY, INC.

Another Wilmington Concern Granted Charter—Incorporators.

The Carolina Bakery, Inc., of Wilmington, was granted a charter yesterday by the Secretary of State. The authorized capital stock is $5,000 with $500 paid in, the stockholders being Messrs. A. G. Wilder, Banner Dixon Smith and W. E. Cromwell, popular and well known young men of the city. The new bakery will open about the 10th of October at 809 North Fourth street. Modern and up-to-date equipment has been purchased and the work of installation will be begun at once. Messrs. Smith and Wilder are popular members of the Junction Restaurant force. Mr. Smith is a competent and experienced baker and will have charge of that part of the work while Mr. Wilder will look after the trade. The new bakery will doubtless do a large business from the start and will cater to the best trade all over the city.

COTTAGES ON TAFT HILL

Modern Structures in New and Promising Suburb—Lots.

Mr. Bert Mills, of the firm of Mills & Greenleaf architects of New York and this city, was yesterday commissioned to draw plans and specifications and superintend the erection of five modern cottages that are to be erected immediately by the purchasers of lots on Taft Hill.

The cottages are to be a new departure in this community, and are to be built of the latest design. While not as costly or as large as the beautiful houses on Carolina Heights, to be very similar to these. This will be a most welcome departure from the rather stereotyped design of cottage, and add a great deal to the beauty of the architecture of the city.

Taft Hill seems to have jumped into immediate favor with Wilmington people, and in the advertising section of this issue a list of recent purchasers of lots is given.

INVITATION ACCEPTED.

Elizabeth City Naval Reserves Will be Here on Taft Day.

The Elizabeth City Naval Reserves have notified Col. John VanB. Metts, chairman of the escort and parade committee, of their acceptance of the invitation to be present and take part in he Taft celebration. This is the first of the military companies of the State to notify the committee of the acceptance of the invitation. A large number of other companies are expected to take favorable action upon the invitation. As stated several days ago it is the purpose of the committee to have one of the greatest military pageants on the occasion of Taft's visit ever seen in this State.

SCHOOL ACCESSORIES

Just a few hints for those preparing for SCHOOL DAYS.

New goods have arrived in all their beauty and elegance.

The Theatre

Time is but adding to the popularity of the present big bill at the Crystal Palace, and yesterday large audiences were again in evidence and approval was stamped on the offering in no uncertain way. The West-Harrison Trio is the great favorite, of course, though the other acts on the bill cannot be discounted. They are of the best vaudeville type and thoroughly up-to-date.

BOT SCHEFER

Eccentric Comedian Appearing This Week at The Crystal Palace.

Today the regular semi-weekly change of programme will be presented, which means that all new acts will be given. There will be a change to every act, and the trio will serve something merry and fresh, both in dancing and singing. Master West will do a turn that it is claimed will be the "best ever" and that will especially please the ladies and children. The first performance of the new bill will go on at 3:30 o'clock this afternoon, the first night performance starts at 8:30 o'clock.

At the Bijou Today.

"The Gift of Youth" and an "Obdurate Father" are the titles of the feature pictures that will be shown at the Bijou today. Both are highly interesting with several amusing situations and those who witness the presentation will spend a half hour of pleasure. The new song "The Wedding of the Blue and Gray," is being effectively sung at the theatre this week.

THE RECORDER'S COURT.

Only Cases on Docket Yesterday Continued Until Today.

The Recorder's court convened as usual yesterday morning, but the only cases on the docket were continued until today on account of the absence of material witnesses. Robert Russ and Bosey Graham, both colored, are the defendants and they are charged with robbing Thos. Stephenson, colored, of $14.20 at the home of a negro woman Tuesday night. Russ is also charged with selling whiskey to Stephenson and assault with deadly weapon, it being charged that Stephenson was robbed at the point of a pistol. The negroes were arrested at an early hour yesterday morning by Mounted Officer Frank George. Geo. L. Peschau, Esq., has been retained as counsel for the defendants.

COMES TO Y. M. C. A.

Mr. B. H. Tyrrell Accepts Place of Physical Director Here.

Secretary Edwin Kettle, of the Y. M. C. A., has been notified by Mr. B. H. Tyrrell, of Jefferson, Ohio, that he will accept the position of physical direction of the local Association of fered him by the executive board at their meeting last Tuesday night.

Mr. Tyrrell also stated in the message to the secretary that he will arrive in Wilmington the first of next week and immediately take up the Fall work of the physical department. The regular classes in the gymnasium will start the week beginning October 5th. The new director has had experience in training in all branches of physical work and the committee consider themselves fortunate in securing him. Mr. Tyrrell, as will be recalled, was for two years physical director of the Association at New Britain, Conn.

The physical work of the Association, which is always a feature, will be made particularly attractive this year if the plans the secretary has underway are carried out. These new an interesting features will be announced with the arrival of director next week.

Major Watlington Here.

Major William H. Watlington, of the County of Caswell, a well known citizen of the upper part of the State, is making his first visit to Wilmington and this particular section of the State. He called upon the county officers and a number of the prominent members of the bar yesterday. The major is one of the best known characters in the upper part of the State and he entertains some rather interesting views regarding the Democratic party, with which he has been affiliated for a long number of years, and these are freely given. He also tells interestingly of his four years' service in the Civil War. The major will probably remain in the city for several days; in fact, he seems to have become much attached to the city and people and he may stay here for an indefinite period. The major won considerable notoriety on account of a suit he brought against the Southern Railway some years ago. It is stated that he was struck by a calf which had been knocked from the track by a Southern Railway train and then sued the railroad for damages, and won the action.

For Violaing Building Laws.

Mr. George W. Britt will be tried before Justice Harriss this afternoon at 4 o'clock on two charges—erecting a building within the city limits without getting a permit from the Building Inspector, and for erecting in the fire limits a building that does not conform to the regulations. Mr. Britt is building a wash shed in the rear of the Wessel property on Market street to be used by a Chinese laundryman. The defendant gave $100 bond for his appearance at trial. The warrants were sworn out by Building Inspector H. E. Bonitz. C. D. Weeks, Esq., has been retained as counsel for the defendant and Fred W. Bonitz, Esq., will appear for the prosecution.

Sent Up to the Recorder.

DeRosset McMillan, colored, was tried before Justice Sykes yesterday on the charge of forcible entry and detainer in violation of Section 3670 of the 1905 Revisal. It appeared from the evidence that the negro had been occupying without permission house No. 1117 Meadow street, which is owned by Mr. E. J. W. Anders and rented by H. F. Wilder, real estate agent. The negro was arrested by Constable W. B. Savage. Probable cause being found the defendant was bound over to the Recorder's court and in default of a $50 bond went to jail.

Quenches Thirst—Horsford's Acid Phosphate

It makes a refreshing, cooling beverage and strengthening Tonic—superior to lemonade.

GRACE BARACA FALL WORK.

Will Consider Erection of Class Room at Meeting Tonight.

At the first meeting of the Grace Baraca class in several months, in the lecture room of the church tonight, a number of interesting matters will be taken up, including that of the Fall work and the erection of the new class room to the church, a portion of the money for which has been subscribed.

The meeting will be held at 8 o'clock and a full attendance of members is requested. The erection of a class room was decided upon some time ago, to cost $1,000 and efforts are being made at present to raise the amount among the members of the class and their friends. Over $700 of the $1,000 has been subscribed. The proposed new class room will be built on the Fourth street side of the church and will be erected of material to conform with the main building.

Within the next few weeks there will be meetings of various Baraca classes, which compose the Baraca League, to prepare for the Fall work.

ONSLOW TELEPHONES.

System Now Covers the Entire County—Connections With Bell.

E. M. Koonce, Esq., of Jacksonville, is here on a brief visit, arriving yesterday. Mr. Koonce says that Onslow county now has a net work of telephones and that the citizens of the county can talk, not to one another, but they can communicate with the outside world through connections with the Bell Telephone Company. Through Bell connections they can talk to Wilmington and Newbern and other places. The Onslow Telephone Company, which owns the lines in the county, is now building a line from Jacksonville to Wilmington and it is hoped to have it completed in a short while. From telephones the popular Representative drifted to the subject of crops and said that the yield of cotton and tobacco in that county this year will be splendid. He thinks the yield will be the best in years.

MRS. JOHN B. BROWN DEAD

Estimable Lady of Warsaw Passes Away—Funeral at Clinton, N. C.

Many friends and relatives in this city and throughout this section of the State have learned with painful regret of the death of Mrs. John Bright Brown, a venerable and most estimable woman of Warsaw, which occurred Tuesday at the home of her only daughter, Mrs. W. L. Hill, of that place. Mrs. Brown had been in feeble health for a number of years, being more than 80 years of age, and recently she suffered a fall at the home of her daughter, from the shock of which she never recovered. The family formerly resided at Clinton, N. C., and the remains were taken there for funeral and interment yesterday. The bereaved ones have the tenderest sympathy of many friends in their sorrow.

Did You Ever

It used to be an awful task to make ice cream. Did you ever try it?

2 quarts cost what 2 dishes have usually cost

To-day you cannot do anything easier than make ice cream if you use

JELL-O ICE CREAM Powder

TAFT COMMITTEES ARE BUSY

Executive Committee Organized Yesterday—Decorating Committee Met at Chamber Last Night. Steering Committee.

The appropriation of $5,000 by the Board of Audit and Finance at the meeting Tuesday afternoon to carry out the Taft celebration has stimulated interest in the approaching visit of the President and an enthusiastic meeting of the Executive Committee was held at the Chamber of Commerce yesterday afternoon. The decorating committee held an interesting session last night and important features were discussed.

There was a full attendance of the Executive committee and the chief feature of the deliberations was the appointment of a steering committee from the executive board which will directly have in charge the direction of the money to be expended for the various arrangement features. A meeting of the chairmen of the various sub-committees was also called for Friday afternoon at 4 o'clock at the Chamber of Commerce. The members of the executive board discussed many features in an interesting manner and in connection with the entertainment a banquet for which plates will be sold and Mr. Taft will be present was favorably suggested. Mr. J. A. Taylor in course of some general remarks regarding this feature suggested an oyster roast at Lumina, but no action will be taken on this matter until a later date. The steering committee is composed of Messrs. Sam Bear, J. G. L. Gieschen, H. C. McQueen, M. J. Corbett, M. S. Willard, B. F. Keith and J. A. Taylor. This committee will meet at the Murchison National Bank at 11:30 o'clock this morning to discuss plans and perfect a more thorough organization.

Another important matter decided upon was the meeting at the Chamber of Commerce tomorrow afternoon of the chairmen of the sub-committees. This gathering will be for the purpose of determining the amount of money required to carry out each feature as planned by the committees.

The chairmen of the committees who are requested to attend this meeting are as follows: Mayor MacRae, executive committee; J. E. Thompson, press; J. VanB. Metts, escort and parade; J. H. Hinton, banquet; W. J. Craig, transportation; Thomas H. Wright, hotel accommodations; J. H. Rehder, decorating; J. H. Chadbourn, finance; C. W. Hollowbush, music; J. H. Chadbourn, autos; J. H. Hanby, platform; J. J. Blair, public schools; Mayor MacRae, reception; Captain Edgar Williams, river and harbor decorating committee.

At the organization meeting of the decorating committee for the Taft celebration at the Chamber of Commerce last night at 8 o'clock it was decided to ask the general committee for at least $1,000 to be expended in decorating the streets and public buildings.

The meeting was an interesting and enthusiastic one and besides specifying the amount desired to spend in carrying out this feature a committee was appointed to prepare some general plan of decoration of the city and to submit an estimate for such work at the next meeting. This committee will meet at the Chamber of Commerce each Wednesday night and the members are manifesting much interest in beautifying the city upon this occasion. The committee to prepare the plans, as referred to, is composed of Messrs. C. W. Polvogt, J. H. Rehder and Will Rehder.

The members discussed in an interesting manner plans of decorating and many of them were received favorably, but action was deferred to a later meeting. They express the hope that citizens will lend their aid in this particular feature by decorating their homes and places of business in a suitable and appropriate manner. It was the desire that it be understood that the money donated for this object will not be used in decorating homes and business houses, but for streets and public places only.

Those present last night were as follows: Messrs J. H. Rehder, chairman, S. P. Collier, D. C. Love, Will Rehder, J. F. Rulfs, Jr., C. W. Polvogt, Ed Ahrens, I. Shrier, Archie Warren, Jacob Weil, Edwin Kettle.

Mr. J. H. Rehder presided at the meeting and Mr. Edwin Kettle was secretary.

Erwin T. Grossman & Co.

Erwin T. Grossman & Co., is the name of a new and promising architectural firm for Wilmington. Mr. Grossman, formerly chief architect for Mr. B. H. Stephens, is at the head of the new firm. He is an architect of recognized ability and the success of the firm under his direction is assured. The offices of the firm will be at No. 21 South Second street.

ROBBED OF ALL HIS MONEY.

Night before last burglars made a raid on a home in the southern part of the city and extracted from the trunk of an aged man, who was formerly a faithful member of the city street force, over Three Hundred Dollars, representing all the money the old gentleman had saved for the "Rainy Day."

Few of us realize how unsafe it is to keep money around the house, where it is liable to be lost or stolen at any time.

Let us suggest to those who are in the habit of keeping money at home, to let The People's Savings Bank, at Front and Princess streets, keep it for you. You can get it at any time without notice, with Four Per Cent. Compound Interest added besides. Your money deposited in this bank, will be absolutely safe, and far beyond the reach of such unwelcome visitors. **

WILMINGTON MOTOR CAR CO.

Stockholders Meet and Elect Officers. New Concern Will Manufacture Autos, the First to be Named "The Wilmington."

The stockholders of the Wilmington Motor Car Company, one of the latest enterprises for this city, met at 5:30 o'clock yesterday afternoon in the office of Mr. L. H. Simmons and perfected an organization. The company has an authorized capital stock of $125,000 and the purpose is to manufacture automobiles.

The following were elected officers: President, A. L. Council; vice president, Dr. A. H. Harriss; secretary and salesman, Don C. B. VanDuzen; treasurer, W. E. Perdew; general superintendent and designer, E. W. VanDuzen. The officers with Mr. L. H. Simmons constitute the board of directors.

The company is now negotiating for a suitable building. As stated it is the purpose of the company to manufacture automobiles, but pending the building of the first machine will engage in the garage business, and will have the agency for five or six of the leading machines on the market.

It is stated that it will require four or five months to build the first car and put it through the tests. The machine will be named "The Wilmington," which will be a splendid advertisement for the city. Machinery of the latest design for the manufacture of automobiles will be purchased and it is stated that the company will have the best equipped plant of the kind to be found in the South.

COTTON MANUFACTURERS

National Association Meets at Bretton Woods—American Conditions.
(By Wire to The Morning Star.)

Bretton Woods, N. H., Sept. 22.—At the 87th annual meeting of the National Association of Cotton Manufacturers which began here today President Charles P. Plunkett, of Adams, Mass., in his annual address reviewed cotton manufacturing conditions in Europe, calling attention to the over building and the over production in certain centers which, he said, had resulted in forcing idleness upon 70,000,000 spindles in an attempt to curtail output.

Comparing American conditions with those abroad he designated labor costs at home as "handicap of large proportions," and he indicated as matters needing attention of Americans the following:

National legislation tending to permanent rather than transitory industrial conditions now so vacillating in each State and diverse in all; a higher regard for commercial integrity and a moral courage to sedulously nurture it in self and require it of others; more truthworthy banking capital to insure financial support which will not shrink from service at the precise moment of greatest need."

One of the principal addresses at the evening session was by Theodore H. Price of New York.

EVIDENCE AGAINST FARNUM.

Dispensary Graft Trial at Columbia. Sensational Testimony.
(By Wire to the Morning Star.)

Columbia, S. C., Sept. 22.—Joe B. Wylie, former member of the board of directors of the State dispensary went on the stand today to testify against J. S. Farnum in the trial for bribery. Wylie was examined upon the records at the dispensary showing where houses represented by Farnum had received orders for thousands of cases of whiskey. Tomorrow he will be examined upon the particular allegation that he received a bribe of $1,125 on a certain date. Robert J. Gage, cashier of the Commercial Bank of Chester today testified that a draft for that amount signed by Farnum and made payable to Henry Samuels was paid at his bank and that Wylie got the money.

This secondary evidence was the cause of many objections, but Judge Memminger overruled the defense at every point. The defense endeavored to show that the president of the Bank of Chester was defeated for mayor by Henry Samuels, so-called "middle man" for Wylie, and that this was the motive for turning the case over to the prosecution. Witnesses for the prosecution, however, declared that the information was given voluntarily to the attorney general. Sensational testimony is expected tomorrow.

WAR FEVER AT HIGH PITCH.

Spanish and Moors Fighting Fiercely in Morocco—400 Killed.
(By Cable to the Morning Star.)

Madrid, Sept. 22.—According to the latest dispatches the Spanish forces in Morocco were eminently successful September 20th and 21st in turning Mount Guruga and surrounding the ferocious beni-sicar tribesmen.

The government today published broadcast accounts of many thrilling and gallant episodes of the fighting. The war fever is at a high pitch.

All the reports agree that the Moors showed fanatical courage, but they were met with a fine display of Spanish valor. A total of 5,500 Moors, including 1,500 cavalrymen took part in the fighting of September 20th. The Moors lost 400 men. The Spanish troops under General Orozco have occupied Oagraz.

ENGINEER SPEER INJURED.

Tar Heel Fatally Hurt When He Jumped From Wrecked Engine.
(By Wire to the Morning Star.)

Lynchburg, Va., Sept. 22.—Engineer Speer, of Spencer, N. C., was probably fatally hurt today six miles below Lynchburg by jumping from his engine which had left the rails. He applied the brakes and jumped. Injries to his spine have caused paralysis of his body below the shoulders.

J. McHenry Jones, president of the West Virginia Institute, for colored persons, a prominent negro educator died last night at Charlestown, W. Va.

VICTIMS OF STORM

(Continued From First Page.)

in the north today notwithstanding.

Whole Families Drowned.

Jackson, Miss., Sept. 22.—A relief train sent south on the main line of the Illinois Central Railroad from this city reached as far as Pass Manchac today where the bodies of eight persons, including the station agent, wife and children were recovered. The victims were drown during the tidal wave which swept up Lake Manchac during the recent West Indian Hurricane. The other victims, according to the report, were second hands.

The Illinois Central offices have not succeeded in locating limited passenger train No. 2 which left New Orleans Monday night and which was running through the marshes during the height of the storm. Much apprehension is felt for its safety.

All telegraph communication between Jackson and points south of McComb has been cut off.

Immense Sea Boarded Ship.

Pensacola, Fla., Sept. 22.—With signals of distress flying, the Norwegian bark Parkwood, ten days out from Gulfport with a cargo of lumber from Buenos Ayres, was towed into port this afternoon, having encountered the Gulf hurricane Sunday night when 200 miles off Pensacola. The vessel during the height of the storm, shipped an immense sea which broke the leg of the master, threw the second mate against a mast, breaking three ribs, injured the first mate about the head and hurt three sailors who were on deck. The bark was badly damaged.

Ten Killed in Morgan City.

New Orleans, Sept. 22.—News reached here tonight that 10 members of a party from Morgan City, La., were killed in Monday's hurricane. They were in a fishing camp in Terre Bonne parish. The dead are Captain Charles Grant, two ladies and a child named Adams, three children, names unknown, Taylor Boyan and Robert Duger.

CAR MEN RIOTING.

One Person Shot and Cars Are Demolished by Strikers.
(By Wire to the Morning Star.)

Omaha, Neb., Sept. 22.—John Petrick, a bystander, was shot through the hip and seriously wounded, two motormen were hit with bricks, one of them being fatally wounded, and a third man was less seriously injured in riots which occurred after darkness tonight during the street car strike. Eight cars were partly demolished. The injured men with the exception of Petrick, are strike breakers. Their names were not given out.

The first riot call came from the car barn at 24th and Vinton streets just before 8 o'clock. A car was just being switched into the barn when it was partly derailed by a half open switch. A number of persons who were standing around began jeering the crew of the car and a large crowd soon gathered. Two other cars came up and a blockade followed. A building in course of construction furnished ammunition for strike sympathizers and within a short time every window and door in the cars had been broken with bricks and stones.

NEWPORT NEWS BANKER SHORT.

Said to Have Skipped With Only $4,000 of Institution's Funds.
(By Wire to the Morning Star.)

Newport, News, Va., Sept. 22.—According to information given out today by Cashier J. A. Willett and B. A. Ruffin, of the Empire State Security Company, Milton R. Nock, a former auditor of the First National Bank of this city, who left here suddenly two weeks ago, is short in his accounts. The exact amount of the shortage has not yet been determined as the examination of the books is not complete. However, the officers say it will not aggregate more than $4,000.

Nock was married in New York to a Jewish girl about a month ago and he was suspended from the bank a few days after his return, Cashier Willett having found evidence of a seemingly false entry on Nock's books. The suspension was pending the meeting of the directors, but Nock left town with his wife the same afternoon. They are now said to be in New Jersey. No warrant for his arrest has yet been issued.

NEGRO EX-CONGRESSMAN HELD.

Former South Carolina Republican Guilty of Forgery.
(By Wire to the Morning Star.)

Columbia, S. C., Sept. 22.—George Washington Murray, a negro, who during the 90's represented the Sumter district in Congress and is now held in Chicago at the request of the South Carolina authorities to serve a sentence of three years for forgery, refuses to return here without requisition papers. Application for these was made today to Governor Ansel.

Murray fled while the jury was deliberating upon the case and the sentence was immediately imposed in his absence. He has been in Canada since his flight. Murray has divorced his negro wife, it is said at his home, and married a white woman.

Night on Bald Mountain.

On a lonely night Alex. Benton of Fort Edward, N. Y., [illegible] Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his sons' wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on earth. Coughs, colds, croup, hemorrhages and sore lungs are surely cured by it. Best for hay fever, grip and whooping cough. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

REGULAR INTEREST PERIOD.

October 1st is the beginning of a regular interest period at The People's Savings Bank. If you deposit with this bank on or before October 2nd, you will get credit for your interest in three Months. se 23 3t

CHECK FLASHER A SUICIDE

Killed Himself When Arrested—Woman Companion Held.
(By Wire to the Morning Star.)

New York, Sept. 22.—Her company having shot himself dead in Jersey City last night five minutes ofter a police officer acting at the request of Richmond, Va., authorities arrested him to answer a charge of passing worthless checks. Lucy Elmer, the young woman who was with the man was arraigned today before Judge Farmer in the first criminal court, and remanded to the womens prison.

Chief of Police Monahan says that the papers found on the dead man indicate that he had passed as James G Stickney, of Chicago and that he had been "beating" his way about the country by passing forged checks.

PELLAGRA NEAR ASHEVILLE.

Well Defined Case at German's Bridge Aged Patient.
(By Wire to the Morning Star.)

Asheville, N. C., Sept. 22.—What is regarded by the medical profession as a well defined case of pellagra has been found at German's Bridge near this city. The patient is William Sharpe, an old man who lives the life of a hermit. A local physician stated today that the case was unmistakable.

—Greenville, N. C., Sept. 21.—A romance that started from an advertisement in the News and Observer last March, concluded in a marriage here this afternoon. The parties to this romance were Mr. James W. Pearce, of Chatham county, and Mrs. Maggie Waters, of Pinetown, Beaufort county. Mrs. Waters advertised for a position as governess and Mr. Pearce answered the advertisement. From this a correspondence arose, followed later by an exchange of photographs, a courtship by mail and finally a proposition to meet at a given point. The place of meeting agreed upon was Greenville, and both Mr. Pearce and Mrs. Waters reached here yesterday, first time, and found no occasion for disappointment on the part of either. They decided to get married here and the ceremony was performed at the Hotel Macon this afternoon by Rev. J. H. Shore, pastor of the Methodist church. Mr. and Mrs. Pearce, with the latter's little daughter, left on the 6:30 train for Raleigh, and from there will go on to the home of the bridegroom near Siler City.

Mr. R. L. Davis, superintendent of the Anti-Saloon League, says: "On the whole the State prohibition law is working well, and is a decided and undoubted success." On the bunghole, a lot of people will regard that as an allegation that has to take its chances for substantiation without the supporting testimony of one or more Esquimos.

A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. It's the greatest healer on earth. Sold by R. R. Bellamy.

WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Wilmington.

Most Wilmington people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fail behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Wilmington cures prove it.

Joseph Vereen, 722 Dock St., Wilmington, N. C., says: "Some time ago I strained myself while lifting and soon after my back became very lame and sore. I could not stoop without having sharp pains shoot through my body. My kidnnys also bothered me and I had a constant desire to pass the secretions particularly at night. I could get nothing that would relieve me until I procured Doan's Kidney Pills at Robert R. Bellamy's drug store. Two boxes stopped the pains in my back and regulated the passages of the kidney secretions. I am very willing to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

B. W. ARRINGTON,
Ticket Agent Atlantic Coast Line.
T. C. WHITE,
General Passenger Agent.
W. J. CRAIG,
Passenger Traffic Manager.
Wilmington, N. C.

—Winston-Salem, N. C., Sept. 21.—The first genuine case of pellagra in this county was discovered this afternoon, the patient being a colored woman and an inmate of the county home. Several physicians have seen the patient and pronounce her condition critical.

Danderine

GROWS HAIR and we can PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, **the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.**

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—**try it and see for yourself.**

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

SPIRITS TURPENTINE

—Burnsville Eagle: In Ramseytown township, on Big Creek, Randolph county, a few days ago Loretta Randolph, a daughter of Merritt Randolph, ended her life by cutting her throat with a razor. It is said that disappointment in a love affair caused her to take her own life.

—Spencer, Sept. 21.—The Correll Overall Company opened its factory here today, running on full time. The capacity of the plant will be about fifty dozen has been organized by the employes and the concern will from the outset place the union label on its product. The plant is managed by Mr. P. A. Correll.

—Weldon, N. C., Sept. 21|—Mr. Waverly Summerell, a young man about 21 years old, was instanlty killed at the planing mill of the House Manufacturing Company this morning. He was at work at one of the planers when a plank broke and flew back, striking him in the head and killing him instantly.

—Kinston, Sept. 21.—A party of surveyors are busy at work going over a route from a point on the A. C. L. near Grifton towards Newbern. The object of their work is speculation as nothing is being given out. It is believed that the A. C. L. is behind the matter and that they will build a line to Newbern to connect with their Newbern and Wilmington branch.

—Greensboro, Sept. 21.—In the Superior Court today Gaither Holt, a young colored boy, of Gibsonville, plead guilty to attempted criminal assault, and Judge Biggs sentenced him to 15 years in the penitentiary. He was put on trial for his life, for assault on a half witted colored girl at Gibsonville last summer. After the evidence was in his attorneys, Messrs. Carroll, of Burlington, and Hughes, of Gibsonville, submitted to attempted assault.

—Rocky Mount, Sept. 21.—Mr. John J. Wells and his assistant, Mr. H. F. Morton, left this morning for Bunn, the new terminus of the Montgomery Lumber Company's road west of Spring Hope, where they will increase and make certain changes in the map recently made of that town. The changes include an addition to the lots already laid off there, and certain changes in the streets will be made. Every indication points to the fact that the present terminus will soon be a thriving little city.

—Elizabeth City, N. C., Sept. 21.—In the Superior court today attorneys for Scipio Jennings, the prosperous young farmer charged with having carnal knowledge of a child under fourteen years of age, submitted, and Judge Ward sentenced Jennings to two years in the penitentiary. Ruth Marshall, the little orphan victim, with representatives of the various fraternal orders—the Streeter Home, the Crabtree Home and W. C. T. U.—were present to aid the prosecution. It was one of the most repulsive cases ever known in this county and much feeling has been displayed.

—Tarboro, Sept. 21.—Every business place on the west side of the East Carolina Railway was swept away by fire Sunday at Pinetops, which left only one place of business standing. The origin of the fire is unknown. The loss is estimated between $40,000 and $550,000, about 20 per cent. being covered by insurance. The places of business destroyed were those of W. E. Phillips, Walter Reason, W. H. Harrell, J. Levy, Cobb Brothers, W. L. Walston, store; R. L. Walston, livery stables, J. E. Cobb & Co., Pinetops Supply Co., J. W. Stokes. The heaviest looser was the Pinetops Supply Co

—Newbern, Sept. 21.—The Board of Aldermen have called another election for street improvement bonds to be held on October 12th. The amount to be voted on is $50,000 and this amount will be used for continuing the street paving already begun in the centre of the city. The main streets to be paved are Middle, Broad and Craven, but a number of others will be paved if the funds will permit. So far there is little opposition and the election for the bonds will carry most likely. As some of the streets to be paved are rather narrow, the $50,000 will most likely pave 14 or 20 blocks and will with the streets already paved cover the largest part of the streets most used for business purposes.

—Newbern, Sept. 21.—Mr. W. W. Manatt, of Providence, R. I., is here superintending the placing of the Rhode Island monument in the National Cemetery. Mr. Manatt is the designer and sculptor of the monument which is to be placed in the Rhode Island plot, near the centre of the cemetery. The monument consists of a base and on that a block of Balfour pink granite 5 feet 15 inches square at the base and four feet at the top. An heroic bronze figure seven feet high, representing Peace, is placed on the granite block and makes one of the prettiest monuments in the cemetery. The monument will be unveiled on October 7th. A large delegation of Rhode Islanders will reach here on the afternoon of October 5th to attend the unveiling.

—Wilson, N. C., Sept. 21.—Last Saturday night Cleveland Boon, a white man, who has done time on the public roads, entered the home of Lula Richardson near Baileys, and caught hold of Clara, the old lady's daughter, and attempted to drag her around the room with him. She commanded him to desist, but he paid no attention to her. She caught up a pistol and shot at him, the ball grazing his upper lip. No quicker than he felt the sting of the bullet than he whipped out his gun and sent a bullet in her direction—which grazed her neck. Undoubtedly in his drunken condition he thought he had killed the woman for before leaving he said: "I'll never be taken alive." Before leaving the neighborhood he killed a dog belonging to Henry Thompson, and three hogs, the property of James Bissett.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acrid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acrid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

The Greatest Spectacle the World has ever seen

EXCURSION RATE OF $21.00. via.

ATLANTIC COAST LINE

To New York and Return for the Famous Hudson-Fulton Celebration.

This historic celebration will take place from Saturday, September 25th, to Saturday, October 9th. The principal events during the first eight days will occur in greater New York and in the Hudson River opposite the city. The following week the celebration will continue at the Hudson river cities and villages from New York to Troy.

This event, commemorating the 300th anniversary of the navigation of the Hudson river by Hendrik Hudson and the 102nd of the operation of the first steamboat by Robert Fulton, will present a spectacle in land and water parades and illumination such as the world never witnessed.

All the great navies of the world will be abundantly represented, which with other craft, including replicas of the historic "Halfmoon" and "Clermont," will go to make up a water parade of a thousand or more vessels and on the land there will be gorgeous spectacles in floats, parades, reviews, exhibitions, decorations and a thousand and one object lessons in our 300 years' progress.

Every day will be a picture of a veritable fairyland and millions of electric lights of all colors and sizes will fairly turn night into day.

For this occasion the Atlantic Coast Line will sell on September 23rd to 30th, inclusive, round trip tickets to New York at the low rate of $21.00 from Wilmington. The tickets will be limited returning to leave New York any time up to and including October 10th.

Through schedules are shown in another column of The Star. Reservations in sleeping cars may be made by telephoning 160 and this matter should be attended to at once by those contemplating the trip.

PORK—Out of Season.

SHEEP—Old dull $1.00@$2.00 per head. Lambs, good demand $1.25@$3.00.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Sept. 22.—The cotton market was very nervous and irregular today, reflecting a disposition on the part of told longs to take profits pending more detailed reports from the storm area ,and indications as to the further attitude of spot buyers. Business was very active and offerings so well absorbed on a scale down that the final tendency of the market was upwarfd, and the close was very steady at a net advance of 4 to 15 points. The opening was steady at a decline of one point to an advance of 7 points and during the early trading prices sold 7 to 9 points net higher; somewhat disappointing cables being offset by reports of an advance in the price of printcloths at Fall River, continued storm damage reports, bullish rumors concerning the attitude of big Chicago interests and a renewal of outside buying for long account. There was a great deal of cotton for sale as the market approached the 13 cent level, however, and as local professionals believed the speculative demand stimulated by storm news had largely run its course, part of the pressure represented selling for a reaction. After easing off to a net decline of some 5 to 6 points the market firmed up again to about the best prices of the day on bullish spot news and persistent buying of October by one of the leading New Orleans traders, whose purchases of that position for the day are estimated at fully 15,000 bales. October was relatively firm in consequence of this demand and the small local stock showed the maximum gain at the close. Reports reaching the trade from the storm area are somewhat conflicting but generally indicate great damage to property and while the storm has now passed out of the belt its effect is expected to show in the October condition figures which will be published at noon on October 2nd. Southern spot markets officially reported were 1-8c lower to 1-8c higher, with private wires representing a good spot demand in the Southwest,

Receipts at the ports today 35,000 bales against 29,712 last week and 41,653 last year; for the week 200,000 bales against 241,526 last week, and 286,179 bales last year.

Spot cotton closed quiet 5 points higher; middling uplands 13.15; middling gulf 13.40; no sales. Futures opened steady and closed very steady.

Month	Open	Close
September	——	12.85
October	12.79	12.95
November	——	12.95
December	12.93	12.99
January	12.90	12.96
February	——	12.97

THE LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, Sept. 22.—Spot cotton good business done, prices unchanged to 2 points higher. American middling fair 7.60; good middling 7.28; middling 7.28; middling 7.12; low middling 6.94; good ordinary 6.68; ordinary 6.43. The sales of the day were 12,000 bales, of which 1,000 were for speculation and export and included 11,100 American. Receipts 10,000 bales including 100 American.

Futures opened quiet and steady and closed quiet. September 6.92; September and October 6.84; October and November 6.81 1-2; November and December 6.79 1-2; December and January 6.79 1-2; January and February 6.79; February and March 6.79; March and April 6.79; April and May 6.79; May and June 6.79; June and July 6.78 12; July and August 6.76 1-2.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Sept. 22.—Advances of 1-2c a yard on percales and 1 1-4c a yard on bleached goods were the features of the primary cotton goods market. The buying of staple fabrics that appear cheap to buyers considering the high cost of raw material went on in a moderate way. The cost of Spring hosiery and underwear is tending to a higher level but jobbers are not disposed to increase their initial contracts at this time.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Sept. 22.—Various ostensible reasons were advanced for the weak tone that was shown by the stock market today. The real reason wsa the suspicion that the capitalists who have played the leading part in the prolonged advance in prices and their party followers were selling or had sold a great part of their holdings.

The support accorded the market was not of that determined and effective character that has been manifest at any period of pressure for a long time past.

Efforts at sustaining prices were made, plainly enough but their ineffectiveness suggested the recent passing of stocks from strong to weaker hands. A summing up of recent productions which have proved unreliable was going on today. There was a disposition quite prevalent to mistrust intimations of intended dividend increases, the granting of valuable subscription rights and the perfecting of important deals which have done effective service for a long time past. A sensational demonstration of strength in United States Steel as the market opened was of very moderate effect on the general list.

The money market showed no signs of disturbance but the statistics of the banking position make it evident that resources for merely speculative operations are becoming restricted. The series of utterances by President Taft bearing upon corporation control and the regulation of great individual wealth, are arousing discussion in the financial world and are given a share of influence in the downward trend of stock prices. The heavy damage wrought by the Southern storm also was crdited with some depressing influence.

Bonds were heavy. Total sales, par value, were $4,842,000. U. S. bonds were unchanged on call. Total sales of stocks today, were 1,064,200 shares.

FINANCIAL MARKET.

(By Wire to The Morning Star.)

New York, Sept. 22.—Money on call firm 2 3-4 to 3per cent., ruling rate 2 7-8; closing bid 2 3-4, offered at 3. Time loans about steady; sixty days 3 3-4 per cent., and ninety days 3 3-4 to 4 per cent. Six months 4 1-4 to 4 1-2 per cent. Prime mercantile paper 4 1-2 to 5 per cent. Sterling exchange steady with actual business in bankers bills at 4.8425 to 4.8435 for sixty day bills and at 4.8610 for demand. Commercial bills 4.83 3-4 to 4.84. Bar silver 51 1-4. Mexican dollars 43.

NEW YORK PRODUCE MARKET.

(By Wire to the Morning Star.)

New York, Sept. 22.—Flour firmer with a moderate jobbing trade.

Corn Meal—Steady.

Wheat—Spot firm; No. 2 red 1.14 nominal elevator and 1.11 nominal f.o.b. afloat. The late break destroyed all early improvement except on September, which was up 2 1-8 on a strong cash situation. Other months were partly 1-4c lower. Sept. 1.14; Dec. 1.08; May 1.09 1-2.

Corn—Spot easy; No. 2 old 78 nominal elevator and 79 sales delivered; No. 2 new 66 1-4 nominal f.o.b. afloat, Winter shipment. Options partly 1-8c net higher. Sept. 76; Dec. 71 3-4.

Oats—Steady; mixed 41 12 to 42.

Lard—Strong.

Pork—Firm.

Tallow, Rice and Molasses—Steady.

Sugar—Raw firm; fair refining 3.73 1-2. Refined—Steady.

Coffee—Quiet; Rio No. 7, 7 1-4; Santos No. 4, 8 1-2 to 9. Mild—Dull; Cordova 8 1-2 to 12. Futures barely steady net unchanged to 10 points lower.

Butter—Firm; creamery specials 31.

Cheese—Steady; skims full to special 5 to 13.

Eggs—Barely steady; State, Pennsylvania and nearby hennery, brown, fancy 30 to 33; do gathered brown 26 to 30.

Cotton Seed Oil—Made a further gain of 5 to 8 points today on covering of September shorts, continued good speculative buying for account of Wall street and the South, strong seed and crude oil situation, firmness of associated markets and bull support. Sales aggregated 10,200 bbls. October 6.03 to 6.06; December 6.03 to 6.08; January 6.08 to 6.10; May 6.26 to 6.28; prime crude 4.93 to 5.00; prime summer yellow 6.04 to 6.06; prime white 6.18 to 6.35; prime winter yellow 6.15 to 6.48.

Potatoes—Irregular; Maine, per bag 1.00 to 2.00; Long Island 1.85 to 2.25; Jersey 1.50 to 2.00.

Cabbages—Steady.

Freights and Peanuts—Unchanged.

To buy advertised things is coming to be a fixed habit of the people—and it's a profitable habit, too.

CHICAGO PRODUCE MARKET.

(By Wire to the Morning Star.)

Chicago, Sept. 22.—Wheat prices on the board of trade broke violently today on heavy liquidation following a fresh advance at the start at which time the September delivery advanced to 1.07 and December to 1.00 1-2. The market closed weak at almost the bottom with prices 1-8 to 3-8c below yesterday's figures. Corn and oats also closed weak but provisions were firm.

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles for the government at Fort Caswell, ours being the only shingles tat stand government inspection.

BASE BALL

American League.

Washington, Sept. 22.—The combination of puzzling pitching by Mullin and extraordinary hitting by Crawford, Cobb and Moriarty proved too much for Washington today and Detroit won easily by the score of 8 to 3. Mullin allowed but three hits.

Crawford made two triples, a double and a single, while Cobb hit three singles and a double. Two of Moriarty's three singles drove in runs.

Washington scared the champions in the first by getting three runs. Moriarty fumbled grounders offered by Conroy and Milan and Unglab sent them along with a sacrifice. Gessler then slammed a triple to rightfield fence and Conroy and Milan scored. While Bush was throwing Liefelt out Gessler crossed the rubber. In the fourth Detroit solved Walker's delivery for five singles, scoring two runs. In the eighth three singles and a triple pushed three more runs over the rubber. The hitting continued in the ninth, netting three runs. The locals retired in order in seven of the nine innings.

Washington	300 000 000	3	3
Detroit	000 200 033	8	16 2

Walker and Street; Mullin and Schmidt.

Philadelphia, Sept. 22.—Philadelphia had little difficulty in defeating St. Louis today by 6 to 2. Six of the home team's nine hits off Gilligan were for extra bases and nearly all of them counted in the scoring.

Philadelphia	030 001 20x	6	9 4
St. Louis	001 010 000	2	8 2

Coombs, Krause and Livingston; Gilligan and Smith.

Boston, Sept. 22.—With Mitchell, a recruit, pitching for the visitors, Boston defeated Cleveland today 3 to 1.

Cleveland	000 000 100	1	5 2
Boston	000 300 00x	3	7 1

Mitchell and Easterly; Wood and Donohue.

At New York-Chicago, rain.

National League.

Pittsburg, Sept. 22.—Pittsburg hit the ball hard and often today and defeated the Bostons by a score of 12 to 7. Each side used three pitchers. Pittsburg made six two-baggers and a home run.

Pittsburg	206 310 00x	12	13 2
Boston	330 100 000	7	11 0

Liefield, Leever, Willis and Gibson; Brown, Richie, Cooney and Graham.

St. Louis, Sept. 22.—St. Louis lost to New York 4 to 3 in the first game of a scheduled doubleheader here today. The second game was called after three innings with the score 4 to 0 for St. Louis.

New York	003 100 000	4	3 5
St. Louis	300 000 000	3	12 3

Mathewson and Meyers; Laudermilk, Beebe and Phelps.

Cincinnati, Sept. 22.—Cincinnati and Philadelphia played 14 innings to a tie this afternoon, a great one-handed catch by Magee saving Philadelphia from defeat in the final inning. Cincinnati tied the score in the ninth inning. Philadelphia again took the lead in the 14th by scoring two runs, which Cincinnati duplicated, the game then being called on account of darkness.

Cincin.	000 000 011 000 02	4	11 3
Phila.	000 002 000 000 02	4	8 0

Fromme, Gaspar and Roth; Moren, McQuillan and Dooin.

At Chicago-Brooklyn, rain.

Rain at Atlanta.

Atlanta, Ga., Sept. 22.—The second game between Atlanta and Chattanooga for the championship of the South was prevented by rain today. Manager Dobbs, of Chattanooga, left with his club for home on an evening train. The Atlanta club goes to Chattanooga Thursday morning. The closing games will all be played in that city.

Washington's New Manager.

Philadelphia, Sept. 22.—James McAleer, manager of the St. Louis American League baseball team, made the announcement today that he had agreed upon terms to manage the Washington club next season. The amount of salary he is to receive is not known, but it is understood he will be given a block of stock in addition to salary as an inducement to bring a winning team to the Capital City.

The Road to Success.

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of the stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by R. R. Bellamy.

CHANCE FOR STAR READERS.

In order to test the Star's great circulation and its superior advertising value, we have made arrangements with J. Hicks Bunting Drug Co., the popular druggists, to offer one of their best selling medicines at half price to anyone who will cut out the following coupon and present it at their store:

COUPON.

This coupon entitles the holder to one 50c package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, 25c. J. Hicks Bunting Drug Co. will refund money to any dissatisfied customer.

J. HICKS BUNTING DRUG CO.

TWENTY-FIVE CENTS.

Dr. Howard's specific for the cure of constipation and dyspepsia is not an unknown remedy. It has made many remarkable cures right here in Wilmington, and so positive is Druggist J. Hicks Bunting of its great superiority in curing dyspepsia, constipation, sick headache and liver troubles that they will, in addition to selling it at half price, refund the money to anyone whom it does not cure.

If you cannot call at their store, cut out the coupon and mail it with 25 cents, and a 50-cent box of the specific will be sent you by mail, charges paid.

COOK INTERVIEWED

(Continued From First Page.)

polar controversy while traveling westward to his home in Eagle Bay from Sydney. The explorer with his family left Sydney early today and reached Truro tonight. Later the Peary party departed for Portland.

The trip to Truro occupied the entire day, and at the stations en route, groups of people gathered to catch a glimpse of the explorer.

Commander Peary has received an invitation to lecture before the Royal Scottish Georographical Society. The invitation came in a cablegram today from Edinburgh. It follows that received from Secretary J. S. Keltie requesting Commander Peary to fix a date for a lecture in London before the Royal Georographical Society.

An enthusiastic crowd which had gathered at New Glasgow to enliven the departure of two wedding couples cheered Commander Peary and threw rice at his car windows. The explorer was given a round of applause when he appeared on the platform, thinking that the demonstration was in his honor alone, but he hastily retreated when he observed that he was in the midst of a weeding party. Another bridal crowd at Stellarton also gave the explorer a hearty round of cheers.

—The cotton milling interest in Canada is assuming proportions of some consequence, there being now centralized at Montreal a vast amount of capital controlling 818,542 spindles and 19,324 looms. In a report forwarded to the Department of Commerce and Labor, Consul Bradley states that the cotton mill industry in Canada began at Dundas, Ontario, in 1856. Up to 1878 only the coarsest goods were made. From this year the growing began. About 1886 consolidations took place which gave still greater impetus to the industry. Today the mills make ducks and drills, cotton quilts, prints, dyed goods, linings and colored prints in addition to coarser grades. Mills of this kind are great consumers. Besides building material of all kinds, machinery, iron, coal and raw cotton, they use an immense amount of supplies, such as oil, paper, bleaching powder, belting, twine, electric supplies, and tools. Over $1,500,000 is spent each year on supplies, excluding coal, which costs approximately $750,000. For raw cotton from the United States over $6,000,000 was paid last year. The total income of the industry was about $15,000,000.—Charlotte Chronicle.
